

NEW YEAR REPORT

*This report was issued in January 2009 by TRAC,
the Trails for Richmond Action Committee. TRAC's mission is to
"Complete the San Francisco Bay Trail in Richmond ..."*

Richmond has 26 miles of San Francisco Bay Trail completed -- more than any other city on this planned 500-mile hiking and biking trail encircling San Francisco and San Pablo bays. It now connects city, regional, state and national parks with the Richmond Greenway, Wildcat Creek Regional Trail and the city's neighborhoods.

This report highlights 2009 achievements and describes 2010 plans for closing 15 miles of gaps. See the map page of this report to locate trail segments discussed below and learn which companies and public agencies are helping to complete the trail.

2009 Trail Achievements

- One mile opened on Ford craneway wharf, Hall Ave. and Harbour Way South
- Construction bid documents for two segments -- Kaiser Shipyard 3 and the link between Wildcat Creek and former West County Landfill
- Ferry Point Loop Trail Guide
- \$1.6 million design project launched to connect Pt. Richmond with Richmond/San Rafael Bridge
- Easements on Pt. San Pablo Peninsula
- \$300,000 Measure WW grant for Shipyard 3 to Ferry Pt. gaps

2010 Trail Completions Expected

- 3-mile West County Landfill loop
- 1.1-mile Wildcat Creek to landfill
- 2.4-mile Kaiser Shipyard 3
- Shipyard 3 to Ferry Point gaps
- Plunge to Ferry Pt. tunnel
- Pt. Richmond Historic District

2010 is shaping up to be a banner year adding at least five miles of new trail. Opening the landfill loop will provide long-awaited public access to the shoreline of San Pablo Bay between Wildcat and San Pablo Creeks.

TRAC would appreciate your support on the major challenges remaining:

1. providing a connection with Point Pinole Regional Shoreline
2. closing the five-mile gap between Pt. Richmond and Pt. San Pablo Yacht Harbor.

You may join the Richmond Bay Trail Network at no cost and receive periodic updates by emailing
