## Free Webinar on FHWA Resources

CHAPEL HILL, NC — The Pedestrian and Bicycle Information Center (PBIC) announces the next free Webinar in its Livable Communities Webinar Series:

### **FHWA Resources for Pedestrian and Bicycle Professionals**

**Tuesday, March 1, 2011**

**2:00 p.m. – 3:30 p.m. E.S.T.**

Presented by:

Dan Nabors, Senior Transportation Engineer, Vanasse Hangen Brustlin, Inc.

Charlie Zegeer, Director, Pedestrian and Bicycle Information Center

Libby Thomas, Research Associate, UNC Highway Safety Research Center

Tamara Redmon, Pedestrian/Bike Safety Team Leader, Federal Highway Administration

To register, please visit <https://www2.gotomeeting.com/register/656793107>.

The Pedestrian and Bicycle Information Center, along with the Federal Highway Administration, will provide an overview of tools available to communities to enhance walking and bicycling in their local area. In this presentation, Dan Nabors, Senior Transportation Planner with Vanasse Hangen Brustlin, Inc. and PBIC Director Charlie Zegeer will discuss Federal Highway Administration resources available to pedestrian and bicycle professionals. The Webinar will cover a range of available tools including the Resident's Guide, the Pedestrian Road Safety Audit, How to Develop a Pedestrian Safety Action Plan and several others. Libby Thomas, will present on BikeSafe, the Bicycle Countermeasure Selection System (BIKESAFE) intended to provide practitioners with the latest information available for improving the safety and mobility of those who bicycle.

PBIC offers free, public Webinars approximately every other month. To register for upcoming Webinars and to access archived presentations, please visit [www.walkinginfo.org/webinars](http://www.walkinginfo.org/webinars).

Content from the PBIC Livable Communities Webinar series is drawn from the PBIC's in-person trainings focused on pedestrian safety and creating livable communities. The trainings provide in-depth technical assistance, allow hands-on work with the experts, and generate detailed action plans. Complete information on these trainings can be found on the PBIC training Web site at [www.walkinginfo.org/training](http://www.walkinginfo.org/training).

This PBIC News Brief is a free publication of the Pedestrian and Bicycle Information Center. Please feel free to redistribute this email freely. No permission is needed to reproduce this news brief, but attribution is requested.

Since its inception in 1999, PBIC's mission has been to improve the quality of life in communities through the increase of safe walking and bicycling as a viable means of transportation and physical activity. The Pedestrian and Bicycle Information Center is maintained by the University of North Carolina Highway Safety Research Center with funding from the U.S. Department of Transportation Federal Highway Administration.
